MEMORANDUM FOR: Director, Office of Congressional Affairs

FROM: Robert W. Magee  
Director of Personnel

SUBJECT: Congressional Strategy on Retirement Benefits

1. I have reviewed your recommended strategy and suggest a modification in Paragraph III SCHEDULE.

2. The retirement issue is moving very rapidly. As you know, HPSCI and SSCI staffers have agreed on a position regarding CIA supplemental retirement which is basically as outlined in your paper. We are informed that this agreement is in the process of being written and reflects the position of the members. We must get a copy of the final paper to confirm its contents. I suggest after we confirm the paper, our best strategy will be to maintain a watching brief to see if there is any erosion of the agreed-upon positions. If not, we can be comfortable with the conclusion. If some erosion does occur, we should be prepared to re-enter the scene to contain any possible damage. Both the Office of Personnel and Congressional Affairs Staff should maintain their contacts with the Hill to learn as quickly as possible any change in the current situation. Once the Senate and the House have agreed on a final package, and assuming it takes the form we now know, we will have to regroup to determine what, if any, action we should take with the Administration to ensure its passage.
